

Attach light gauge sheet metal to sheet metal in HVAC or any light duty steel applications with speed and precision, using our **Professional-Grade Strong-Point Razor**.

Features

- Multipurpose sheet metal screw for light to medium gauge applications
- 20° point pierces light gauge metal quickly
- Razor non-walking point for faster engagement
- Hi-Hex head provides deeper tool engagement for improved drivability

Headmarked for traceability

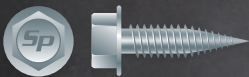

Hex washer head provides excellent driving stability

Fine threads draw sheets together to reduce airflow escape

Sharp threads require less torque during installation

Razor Point for faster penetration

Unslotted Indented Hex Washer Head, Fine Thread, Razor Point, Zinc Plated

- Meets ASTM A 510 for carbon steel manufacturing
- Zinc plating meets ASTM B 633 for electrodeposited zinc coatings

Material Application

Attaches light gauge sheet metal to sheet metal.
